**Information about Conference venue**

**By Anthony Chiu**

(updated on Feb 5, 2020)

Conference Venue: BE Resort Mactan Hotel, Mactan Island, Cebu, Philippines

Official Website: <https://beresortmactan.com/>

(Please note that there are also BE hotel and properties in Bohol and other part of the Philippines)

## The Mactan Island, Cebu Province

Mactan Island is part of Cebu, and it is where all your international and domestic flight will arrive at.

Both the Cebu Mactan International Airport and the BE Resort Mactan Hotel are co-located in the northern part of the Mactan Island (left photo below). BE Resort Mactan hotel is primarily selected to give participants easy access from airport to dwelling place to rest after flight without time-consuming traffic jam. Travel time between airport and hotel shall be around 20 min, while travelling to the main Cebu City downtown will most likely take you an hour or more.

The Mactan Island since the 80s and 90s (according to Anthony Chiu's high school memory) has been the weekend place to go for the local Cebuanos. Our conference venue BE Resort Mactan Hotel is at the Northeastern tip of the Mactan Island, and it has seafront and it is facing the Cebu Strait Hilutungan Channel. From your hotel room and down to the seafront, your boat can directly bring you to the deep sea for diving, if that's your sport. Our conference lunch on Feb 24 Wed will also include a seafood lunch in a local floating restaurant at the sea (**Hilutungan Channel**). We shall have ample time to experience Filipino marine eco-system, and we have closer look through snorkeling. Philippines is one top marine hotspot in the world, with very high biodiversity.

Airport and BE Hotel are both on Mactan Island. It has seafront to Cebu Strait Hilutungan Channel, where conference seafood lunch at the sea will take place. Olango island (far right) is a well-known bird sanctuary, birds stopover here every year during their Winter migration.

BE Resort Mactan Hotel is located at the Northeastern tip of the Mactan Island, here the locals found all the peaceful simple lifestyle far far away from the Cebu City downtown. Within 5-15 min walk, there are two five-star hotels next to it, Movenpick and Shangri-La.
